

Note: This bulletin is an update to the Meter Pulse Tampering Alert Bulletin, SV02002 issued on February 5, 2009

Rogue Terminal Alert Update

Requirements to Seal Terminal Junction Boxes

FMC Technologies provides Seal Wire capabilities for the PA6 Preamp or a Terminal Junction Box attached to the direct output.

These Seal Wire connections can be specially marked for ease of traceability (see the photos below), and are available from a number of companies such as:

AC&M (American Casting and Manufacturing)
www.americancasting.com

Stoffel Seals
www.stoffel.com

Petrobulk Sealing Devices
www.indiamart.com

The specifications contained herein are subject to change without notice and any user of said specifications should verify from the manufacturer that the specifications are currently in effect. Otherwise, the manufacturer assumes no responsibility for the use of specifications which may have been changed and are no longer in effect.
